NO. 76

NEWS OF THE VICINAGE.

James and Sol Griffin were held for murder without bail in Clay county. There isn't a clerk person within the corporate limits of Columbia, says the News.

Three new cases of small-pox are reported in the western portion of Adair county.

John H. Moore, aged 68, died in Boyle of Bright's disease. He was a Confederate veteran.

Miss Kate Woods, who sued S. H. Nash, of Clay, for \$50,000 for breach of promise, got \$50 at Manchester.

Robert Caldwell, son of Dr. T. P. Caldwell, of London, accidentally shot and killed himself while hunting.

Andy Watson, a Bell county outlaw for whose arrest a reward of \$500 was offered, was captured in Virginia.

James McGuire, aged 19, was in town a few days ago. He walks with a sprightly step.—Mt. Vernon Signal.

The residence of John Inman, of Somerset, was gutted by flames and is almost a total loss. Insured for \$2,700.

Mrs. Elizabeth Van Winkle, wife of Polite Judge-elect J. W. Van Winkle, of Heros, died of congestion of the brain.

Mrs. H. W. Senter, wife of Dr. D. W. Senter, a prominent physician, died very suddenly of pneumonia at Middleboro.

Dr. John Witherspoon, the founder of the Anderson county bank, died at Lawrenceburg of fatty degeneration of the heart, aged 70.

In the foot ball game between Hopsett Academy and the Kentucky Military Institute at Danville Saturday, neither side was able to score.

And now Her Harris, of the Adair News, has come to writing double column editorials. They would be just as good and much easier to read if he would make them 15 lines instead.

At the sale of the effects of W. T. Knott in Marion 30 shares of Marion National Bank stock sold at \$184 average and American National of Louisville at \$118. The farm of 90 acres sold at \$10.

At Woodbine, Nat Brittain cut his wife's throat, and was himself knocked down by his two sons. His skull was fractured, part of his brain coming out. He and his wife are both still living, but both are expected to die at any time.

The grand jury at Taylorsville has returned an indictment against F. L. Page, charging him with setting fire to his store on the night of June 12. (Getting an intimation of the forthcoming indictment, Page hurriedly left town, driving across the county to catch a train for Louisville.)

Hudson Printing Company will shortly put in a printing plant in Corbin, and will at once begin to publish a paper at that place. The plant will be up-to-date in every particular and prepared to do all kinds of fine printing.—Harborsville Patriot.

The case of Merida Hacker, who, with James Hacker and John Sandlin are charged with the murder of Henderson Harger in Perry county, was continued till next August. The other two are serving life sentences for the murder and pending an appeal held in jail at Stanford for nearly a year.

Ex Postmaster T. N. Edwards has been missing since Nov. 23, and his friends are alarmed at his continued absence. No trace whatever can be found of him, and his relatives are apprehensive as to his safety. He was never successful in a financial way, and since his departure numerous debts have come to light, and it is ascertained that he owes far more than his ability to pay. His transactions with individuals, as well as those with the government, lead many to believe that his mind was unbalanced.—Lawrenceburg News.

A friend in need is a friend. That is exactly what Chamberlain's Cough Remedy is. It is the mother's help when she is suddenly awakened in the night by the ominous husky cough, and labored breathing, of her babe. It is the safe resort of the youth or adult when he has "caught cold" and there is coughing and irritation of the mucous membrane of the throat. It allays the irritation and cures the cold. For sale by Craig & Hoeker.

Diamonds have advanced 50 per cent, but the floor war, Chicago dealers say, has little or nothing to do with the increase in cost. They say that the London syndicate which buys the output of the Kimberley mines began advancing prices a year ago and had kept it up and also that there is a scarcity of stones.

BRUCE MEN FALL. Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and sleep, indigestion, and feeling that there is no need to feed like that. Listen to J. W. Gardner, Danville, Ind. He says: "Electric Bitters are just the thing for a man who is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Kany's Drugstore. Every bottle guaranteed.

Burford Lancaster was killed by a falling tree in Owen county.

LANCASTER.

Miss Alice Hudson will entertain on Thursday night at her palatial home on Danville Avenue.

Garrison county now has two democrats in the Legislature for the first time in the memory of her oldest citizens.

Wm. Ward is building another house on Lexington Avenue, and H. A. H. Marksbury is building a granary near the depot.

Dr. I. S. Wesley has moved to the Lancaster property near the Baptist church on Richmond Avenue. He went to Mt. Vernon last Saturday to see his brother, Theo. Wesley, who has been ill.

A mass meeting of the citizens of Lancaster will be held at the courthouse next Sunday, 26th, under the auspices of the W. C. T. U. Several ministers and attorneys will address the meeting.

Some are wondering why Gov. Bradley didn't come home to vote, and why he ordered out the militia, knowing as he said that it would throw out Louisville and defeat Taylor. Rumors of his opposition to the ticket are not without grounds.

Unauthentic reports are going the rounds that we are to have several weddings in our host society. One is to be in the country and two in town.

The groom in one marriage is not a citizen of this place, but sojourned here for a time. Particulars will be given when more is known.

Dr. C. E. Poyntz, keeper of records for Hughes Tens, R. U. T. M., at Paint Lick, sent proof of death of W. J. Jennings to headquarters on Nov. 13, and, in two weeks, he received a draft for \$1,000 payable to the widow. Prompt payment like this has made 400,000 Maccabees. Deceased had only paid in \$40 in four years.

There are only 26 appearances for election, which begins Monday, Nov. 27. There are two major cases and a number of other Commonwealth cases. The principal case is that of Sophie Barton, through R. H. Thompson, against the town of Lancaster for \$20,000 for damages sustained by falling from the pavement into an open space in front of the new hotel.

Many seats have been sold for Faust at the opera house on Tuesday night and a large crowd is expected to hear The Nashville students, combined with Gibson's Minstrel Carnival on Friday, Nov. 21. They have two bands, 45 artists and other attractions, which make it one of the best productions on the road. Tickets at Sturges'.

Garrison democrats are anxious to see Senator G. T. Farris recognized by Gov. Goebel's administration by giving him a good office. He is worthy and capable and was an ardent worker for and supporter of Mr. Goebel's from the beginning. "General" would fit his name very nicely and his commands could be distinctly heard all along the line.

The many friends of Elder C. E. Powell will regret to learn that he has resigned as pastor of the Christian church, having accepted a call to Ocala, Fla., where he once preached and to which place he has thought of returning for some time in account of his health. He made some warm friends while here on account of his earnestness and zeal in the cause. I do not know when his resignation takes effect.

L. L. Walker, late republican candidate for representative, who was defeated by 15 votes on the face of the returns, will serve notice of contest on Wm. Ray, Jr., whose election was certified. He alleges many irregularities, the chief of which is that 200 ballots were thrown out on the claim that they were mutilated; that all contested ballots were burned; that secret ballot was not maintained at the West Park; that illegal votes, supposed to be democratic, were cast; that legal voters, presumed to be republicans, were not permitted to vote, and that, if these and other irregularities had not occurred, he would have been elected by a good majority. Democrats claim that the contest will reveal the perpetration of much fraud and many irregularities on the part of the republicans, and that Ray's majority will be increased. They claim that the Paint Lick poll will be thrown out because they voted until after 5 o'clock and that Huckerbe can be thrown out, on account of fraud and intimidation. If this is true, Walker will lose more than he will gain. The truth is there are always irregularities under secret ballot. There is not a poll in Kentucky, which could not be thrown out on some technicality, and both parties are given to fraud, more or less; so contests will not likely avail anything except in cases where the violation is marked, and evidently works an injustice on one party alone.

HEB NOT FROM THE GUN. Was the ball that hit R. R. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Astringent cured him. Cures Cuts, Bruises, Burns, Blisters, Felsons, Corns, Skin Eruptions, Best Vile curable cure. 25 cents a box. Cure guaranteed. Sold by Penny, Drugist.

MATRIMONIAL MATTERS.

Wm. Hasty, 28, and Miss Eliza Francis, 22, were married at John Hasty's Saturday.

Elmer and Charles Snyder, twin brothers, were married at West Alexandria, O., to twin sisters, Carrie and Jennie Rhodes.

John Newland and Miss Viola Palmer, popular young people of Broadhead, will be married at the Christian church there on Thanksgiving day.

Henry Means, of Carrollton, Ind., has just married his sixth time. He is 50 and has 13 living children. His last wife is a widow with eight children.

Howard Vannarsdale and Miss Lottie Vannarsdale, of Harrodsburg, were married at Lancaster. The bride is a daughter of John I. Vannarsdale, former sheriff of Mercer county.

Mrs. May Darnaby Muir was awarded \$5,500 damages at Lexington against her mother-in-law, Mrs. Mary E. Muir, for alienating her husband's affections. The husband and wife were double first cousins.

In our last issue we noted the marriage of Horace Nicholson to Miss Dora Belle Myers, daughter of Mr. J. H. Myers. The groom is a convert of Preacher Conway, of Gospel wagon fame, and is a follower of the vehicle with the intention of becoming a preacher. Miss Myers, who is a lovely girl, was organist of the Moreland church, and when Conway held services in town, she and Nicholson became acquainted. It was a case of love at first sight, culminating in marriage in less than a week. Mr. Myers is greatly elated at his daughter's happy union, but hopes she will not live to repent it.

The culmination of an attachment formed in childhood's happy days, will be the marriage on Nov. 21 of Mr. Lee A. Moore, of Louisville, and Miss Mayme Cardin, of New Haven. Both were inmates to their earlier years of the Masonic Widows' and Orphans' home, and it is the first case on record of a marriage between two children of the home. Miss Cardin was the first to leave the home, going in Sept. 1897. Already their vows had been pledged, and when she left, she promised Moore that she would be faithful to him. A year later he also left the home, and his last step was to seek Miss Cardin. Their vows were renewed and it was decided then and there to become husband and wife as soon as Moore could make his way in the world.—Dispatch.

Miss Cardin is a sister of Mrs. B. N. Holler and has frequently visited her here. She is quite handsome and attractive.

CHAMBERLAIN'S PAIN BALM CURES OTHERS, WHY NOT YOU?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.—Amelia L. Miller, Manchester, N. H. For sale by Craig & Hoeker.

DEAFNESS CANNOT BE CURED. By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is like a closed curtain, and shuts out the sound. The inflammation can be taken out and this tube restored to its normal condition, hearing will be restored. Every case out of ten cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The "Poverty Party," given by the Christian Endeavor Society, at Mr. Wheeler's Thursday night, was a pronounced success in every particular. Oyster soup, pickles, etc., were served and about \$22 made, which will be used for missionary purposes. Music and select readings were social features of the evening and greatly enjoyed by all. CHURCHES AND PREACHERS.

The Episcopal church is considering a plan to pay its Sunday School teachers a salary.

The Rev. Sam Jones has been prohibited by his physician from speaking in public until Jan. 1.

All the Christian church Sunday schools are asked to make an offering for foreign missions Sunday, Nov. 26.

Dr. E. O. Guerrant will preach at the Turnersville Christian church Saturday night, 25th, at 7 o'clock and at the McKinney Presbyterian church at 11 A. M. next day.

The board of church extension of the Methodist church in session at Bowling Green appropriated \$50 for the church in Casey and the same amount for Mt. Hope in Wayne.

The Universalists of the United States have 200 more churches than preachers, and propose to unite with the Unitarians, who have only 300 churches, but have nearly 200 unemployed preachers.

The protracted meeting at Mt. Tabor church, conducted by Revs. Granville Dockery and J. M. England, closed with 21 additions to the church, 19 of whom were by baptism.—Glasgow Times.

Bishop Nelson, of the Protestant Episcopal church, took strong grounds in a sermon at Atlanta Sunday against prohibition, because it is an interference with the God given right of personal liberty.

The meetings at the Baptist church are growing in interest and results. Already 6 have confessed and many others are deeply impressed. Rev. H. H. Hibbs is an earnest and eloquent preacher of his Master's cause and is doing great good. The meetings will last at least till Friday and perhaps longer.

The meeting at Walnut Flat, conducted by Rev. J. A. Francis, of Winchester, closed Sunday night. The preacher proved himself to be one of great power and earnestness and his sermons are highly complimented by all who heard them. There were three additions, Mrs. Mamie Garner from the Methodist church, Hugh Seargent from the Christian and Henry Haughtman by confession.

WORKING NIGHT AND DAY. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. THE INTERIOR JOURNAL

STANFORD, KY., - Nov. 21, 1899

W. P. WALTON.

The sudden death of Hon. Evan E. Settle, of Owensboro, congressman from the 7th district, was as surprising as it is lamentable. During the campaign, just closed, he was one of the most effective and indefatigable speakers and worked with all his heart and soul for the success of the democratic ticket. The effort and excitement was too much for him and the collapse that followed, not at first thought to be serious, ended in his death Thursday night. He was a very eloquent speaker and popular man and had already become a National figure in Congress, where he made a number of speeches that stamped him as a statesman. His address on Robert E. Lee before the Hamilton Club, Chicago, on Appomattox Day, is regarded as one of the gems of American oratory. A wife and six children, two recently married, survive him. In his delirium he talked much of the late campaign and his last intelligible words were "Goebel." He literally gave his life for the cause he loved and died for the party which had been assailed by men who owed it most. Peace to his ashes. Already many are having themselves prominently mentioned to succeed him, but as the district is strongly democratic it won't be likely Breckinridge, Bill Owens or Red Fox Branton.

There is nothing attractive about the name of John A. Smith, no more than it is said there is about his person, but he seems to have a peculiar charm for women. His plan was to make love to them and on being accepted for marriage to borrow all the money and valuables he could from his dupes, who were located in various parts of Illinois. Saturday was the day fixed for the marriage and it seems that he told them all to meet him at a certain depot in Chicago. Eleven of various ages and all sorts of appearances were promptly on hand, but Smith came not. Somehow each got onto the racket of the other and soon they were singing their tales of woe into each other's ears. None had lost less than \$50 by him and all, with one accord, began to call him a nasty old thing and to ask the police to arrest him. He was too sharp for that, however, and is somewhere else now, doubtless working his old game. Strange to say that most of his dupes are widows who ought to have learned by experience that man is deceitful ever and not let their desire to get another run away with their discretion.

The first session of the 55th Congress will meet next Monday week, but as usual nothing of importance will be done till after the holidays, except the election of a speaker and the appointment of committees. The republicans have a sufficient majority to organize and elect David B. Henderson, of Iowa, speaker, as is the program, but it is too small to depend on in the determination of questions involving party politics and the plan will be as usual to fire democrats who have been elected by the people and give their places to scoundrels, who have no such claims. There are only 10 contests, however, and if all are as flimsy as the pretext from this district, the leaders can not expect to make much of an increase, unless it is done by the right of might and with no regard for right and justice.

For his shameful abuse of authority on election day, his calling for troops and forcing democratic election officers to sign false returns under threat of imprisonment, Judge Toney, of Louisville, is to answer impeachment proceedings before the Legislature and Commonwealth's Attorney R. F. Peak has been engaged to prosecute it. The judge's usurpation of authority and his assistance of the republicans in their efforts of intimidation have aroused the people and they intend that a lesson shall be taught usurpers that they do at their peril. Judge Toney has disgraced the judiciary and he should be made such an example of that will make upstartish judges know their places hereafter.

We never had any special love for Judge Barr, whom we always regarded as a pig headed, narrow minded partisan. His acts as election commissioner at Louisville fully confirm our estimate of him, and show that a silk purse can not be made out of a sow's ear. In other words scoundrel on the Federal bench does not elevate the character of a pedantic pervert, nor keep one from following the low bent on his mind, to take advantage of every point to help his party, at the expense of his oath and duty.

HILL HYNEM, who led the Palmer and Buckner bolt in 1896 and then voted for McKinley, has received his reward, which is a big one if it was a long time coming. He has been appointed by McKinley as a member of the board of general appraisers at New York, and Indiana democrats are glad because they know now exactly where to place him, as he can no longer pose as a democrat.

AN effort will be made to throw out the whole vote of the city of Louisville. Col. Bennett H. Young and Judge T. F. Hargis gave notice to the election commissioners that when a canvass of the vote is completed they will move to have it declared null and void, because of the usurpation of Gov. Bradley in calling out the militia, intimidating voters and interfering with the progress of the election, because of the unlawfully usurped power by Judge Toney requesting the governor to call out said militia when the civil authorities were able and willing to execute any order of his court, and because the election was a military and not a civil election, the civil power being subordinated to the military, an overt act of a treasonable nature against the constitution of the State. The grounds seem to be good and sufficient and it is hoped that it will be done. The election in Louisville was neither fair nor free and Judge Toney's further usurpation of authority in forcing election officers to certify to returns that are not true, adds another to the many reasons for declaring the election null and void.

JUDGE JONES at Glasgow decided that votes cast for W. P. Taylor in Nelson should be counted for W. S. Taylor and ordered the election officers to so certify. The decision was not unexpected. It was the intention of the voters to cast their ballots for W. S. Taylor, and no matter how we regard such votes, they should not be disfranchised because of the mistake of a clerk or a printer. If the decision 1,198 is added to Taylor's column, but even that does not elect him. Frauds and intimidation by the military and U. S. marshals vitiate the election at many points and should render the results at them nugatory.

GLASGOW is too small for two such good semi-weeklies as the Times and News and they have sensibly decided to pool their issues. W. D. Dickinson has purchased a one-half interest in the Glasgow Times publishing company and the two papers will be consolidated. J. M. Richardson will continue as editor of the Glasgow Times, C. C. Pace will be associate editor, and W. D. Dickinson business manager. The News goes out of an honorable existence and the Times will continue as it has for years and years, to be the leading paper of its section. We congratulate all parties on the arrangement.

THE returns as shown by the Courier Journal give Goebel a plurality of 937 of the uncontested votes and Taylor 1,912 of the contested and uncontested votes. The result will bring on these contests, and the Legislature will be called on to say who is the rightfully elected governor, no matter who is given the certificate. We believe Mr. Goebel will be declared elected by the State board, as he should be, and that the Legislature will, after hearing both sides of the case, find that the board had acted in accordance with the law and facts.

JUDGE TONEY found time from his efforts to aid the republicans, to dissolve an injunction asked for by Henry E. Wilson to compel the State board of health to grant him a certificate as a practitioner of Osteopathy and to restrain the board from prosecuting him criminally for practicing without a license. The State board is lighting this new science of healing with all its might, but those who have tried it pronounce it good and say it has wrought wonders for them. So the judge continues to venture on dangerous ground.

THE Brownies, at Covington, have served notice that they will contest the counting of the vote of that city because of "the presence of the State militia on election day, overawing and intimidating voters." And yet these same creatures raise their eyes in holy horror because it is proposed to throw the Louisville vote out on account of military intimidation and fraud. To hush with a Brownie anyway. He is usually no more nor less than a measly republican.

COL. W. S. FORRESTER, who made some reputation for independence by showing up McKinley, Hanna, Hunter, Deboe & Co. in their true light, but who has never earned the salary attached to the office of assistant adjutant general, to which Gov. Bradley appointed him, has resigned, owing, it is said, to a personal disagreement with his chief. The office, which pays \$109 a month, is the saltiest kind of a sinecure and the next Legislature ought to abolish it.

It is a remarkable fact that only those editors who supported Goebel because they thought it policy to do so, are ready and willing to accept the republican lie that Taylor is honestly elected, and are furnishing ammunition for the enemy. Look over the list of those who are being quoted by the opposition papers and see if this is not true.

The republican officeholders in Harlan offer their services to Gov. Bradley to seat and maintain Taylor in office, but when they find it will be war in the open, they will doubtless give up the idea and remain at home to fight from ambush.

BRIEF NEWS NOTATION.

The defeated republican candidates for municipal offices at Middletown filed notice of contest.

McChord went to Louisville with 4,250 majority. Irwin carried that city by 2,700, leaving McChord a majority of over 1,500.

The republican majority in Congress is too close for comfort and plans are forming to fire Polygamist Roberts and other democrats.

Urey Woodson says that Mr. Goebel is elected but he will not contest should the election board give the certificate to Taylor.

Ragland, Letterie, Mueller and Charlton, democrats, will get certificates of election to the Legislature from Louisville.

Gov. Bradley has named Dec. 18 for an election to fill the vacancy from the 7th district caused by the death of Congressman Settle.

In a fight which grew out of an argument about politics, Pat Haley, of Frankfort, cut the throat of Tom Perkins, a farmer, fatally injuring him.

Hon. M. F. North, late democratic candidate for the Legislature in this county, is an applicant for the clerkship of the Lower House of the Legislature, with good chances of success.

The Jefferson County Election Board has completed the canvass of the returns for city and county, but a number of disputed matters are yet to be passed on. The 7th precinct was thrown out.

Assistant Adjutant General Walter Forrester resigned Saturday and Gov. Bradley appointed Capt. J. K. Dixon to succeed him. It is understood Capt. W. M. Herkele will succeed Dixon as keeper of the State arsenal.

Hon. J. T. Hinton, of Harborton county, says if he is elected to succeed Evan Settle in Congress he will give every dollar of his salary for the unexpired term to Mrs. Settle, the widow of the deceased congressman. We opine that the voters will take little stock in such an electioneering proposition, however.

Ex-Postmaster John H. Woolums, of Midway, who was a republican clerk in a precinct at that place at the recent election, has sued Postmaster H. P. Walts and Harnett Ellis, colored, for \$20,000 damages for charging him with selling out his party to the democrats.

Huford S. Williams, Coleman Carr and Wingate Thompson, democratic election officers of Franklin county, were indicted by the Federal grand jury charged with conspiracy and intimidation of colored voters at the recent election in Frankfort.

Clarence Greathouse, the Kentucky Ho-Pang of Korea, died at Seoul Oct. 21. He was from Versailles and was appointed consul general to Yokohama by Mr. Cleveland. During his service as such, he so greatly assisted NIK-KUNG, the King of Korea, by giving him helpful advice, that the King urged him to accept the created office of "Ho-Pang." He resigned the consulate and accepted the office, since which time he has virtually been King of Korea.

Goebel has been talking some more with his mouth. He says: "Gen. Taylor has been elected, and he will be seated. The people will stand no usurpation from the State election commission or anybody else. I don't think the commissioners will have the audacity to issue Mr. Goebel a certificate of election, but if they do the people will not submit to him, and Taylor will be seated."

While Gov. Bradley's friends are displaying great activity and some anxiety in denying that the Governor contemplates barring Goebel's way to the executive chair by force in case the State Election Commissioners should give the certificate of election to Goebel, the Governor and his Adjutant General are in close conference with the Republican Colonels of the First and Second regiments of State troops, who were hurriedly summoned for that purpose.—Courier Journal.

Besides the congressional committee many distinguished friends attended the funeral of Congressman Settle at Owensboro Sunday. Senators Lindsay and Blackburn spoke feelingly of the deceased and Senator Goebel said he and Mr. Settle had entered the Legislature of Kentucky at the same time, and in referring to the friendship which then began and which had lasted till his death, he was overcome with emotion and ended by asking God's blessing on him and his.

At democratic mass meetings in Calhoun and Owen counties resolutions were adopted strongly denouncing Gov. Bradley and Judge Sterling H. Toney, of Louisville, as usurpers of authority and as military despots, for the use of soldiers on the day of election for the purpose of intimidating democratic voters. The Legislature is urged to mete out some punishment for Gov. Bradley and to remove Judge Toney from office "for exceeding his authority and bringing the judiciary into contempt and reproach by forcing election officers to sign certificates which they knew and asserted to be false and fraudulent."

Rout, got his right hand caught in the cogs and three fingers, the fore, third and little fingers to the second joint, were smashed to a pulp, necessitating amputation, which was performed by Dr. Alcorn. The unfortunate man suffered agonies, but was easier at last accounts. He was dilling the machine when his foot slipped and his gloved hand was drawn into the cogs.

NARROW ESCAPE.—Dr. J. M. Brown, formerly of Crab Orchard, but now practicing dentistry in Lexington, had a narrow escape Saturday. His villainizer blew up, tearing through the wall into his office and doing no little damage to the room. He had just left the little room where the villainizer was, and no doubt saved his life by leaving when he did. By the way, the doctor is thinking about coming to Stanford and practicing his profession.

GIVENS.—Mrs. Mary Givens, relict of Dr. George W. Givens, who preceded her to the tomb some 15 years ago, died Friday night at the home of her son-in-law, Mr. W. E. McAfee, of Crispfield, aged 80 years. She was a Miss Finley, of Shelby county, and in every way a most estimable woman, being a member of the Christian church for many years. She leaves only one child, Mrs. McAfee, to feel her loss. Sunday afternoon, Rev. H. C. Harrison held a short service at her home and then the body was conveyed to the Danville Cemetery, to which the remains of her husband, which were buried on the farm, will shortly be removed.

THE republicans at Mt. Vernon "indignated" last night, over what they claim is an effort of the democrats to steal the State. High sounding resolutions were passed, but if anybody had said "boo" the meeting would have broken up before it got to them.

FARMERS say they have never experienced so much difficulty in keeping apples. The long warm spell has caused them to rot till some have lost all they had put up. Report comes from Chicago that over a million dollars' worth of apples have been lost there during the spell.

ROSS.—Mrs. Ross, widow of Martin Ross and mother of Mrs. A. H. Bastin, died at Crab Orchard at 6 o'clock Sunday morning of a complication of troubles together with old age. She made her home with the daughter above mentioned and was a most excellent woman. The burial took place in the Crab Orchard cemetery at 10 o'clock yesterday morning.

MARTIN.—Mrs. Martin, wife of A. C. Martin, died Sunday afternoon of consumption, leaving besides her husband three children to suffer her loss. With the hope of restoring her to health, Mr. Martin took her to Hendersonville, N. C., last spring. The change wrought some improvement, but the disease had gotten too strong a hold on her vitals and would not unloose. Mrs. Martin was a daughter of the Widow Napier, of the Maywood neighborhood, and was an earnest, christian woman. After a short service at her late home by Eld. J. G. Livingston at 10 o'clock yesterday, the remains were brought to Buffalo Springs Cemetery by loving friends and tenderly laid away.

THE case of Mrs. Walls against W. A. Coffey for assault, in which she alleged \$5,000 damages, occupied the court until Saturday, when the jury in less than 15 minutes after it was given them, returned a verdict of acquittal. The indictment for the offense was therefore dismissed. Friends of the "Queen" Centre were satisfied that this would be the result of the matter, which but for the squire's course in lining law breakers would probably never have been prosecuted.
